SEPPE PARYS

FRONT–END DEVELOPER

Hello! I'm a front-end developer with 3 years of experience who likes to build interesting web applications with Javascript frameworks. I enjoy learning new skills. When i'm not sitting behind a computer, I'm probably at the gym or out for a run.

WORK EXPERIENCE

Terra Plants (Interim)
Packer
2025 - Present

I helped this company during the holiday rush to pack all sorts of plants and flowers so they would be arriving at the stores on time and doing so while keeping the warehouse clean.

Front-end developer

- Autodialog
  - **Autodialog is the solution for the modern automotive workshop. Instead of struggling with disconnected tools for planning, job cards, communication and replacement vehicles, we bring everything together in one seamless system OS.**
  - Migration from Vue 2 to Vue 3 (Composition API)
  - Collaborated with 1-4 colleagues
  - Introduced Typescript in the SFC
  - Integrated headless application via REST APIs
  - VITE, SCSS, Pusher, GIT, I18N
  - Git workflows (rebases, PR reviews) and GitHub Actions CI/CD
  - Unit Testing with Vitest
  - Writing technical analyses
  - Used by Van Mossel, BMW Nederland, Porsche Nederland...

- Key & Go
  - **Key & Go is a seamless way for customers to pick up or drop off their car keys without any friction. It is fully integrated with Autodialog and is automatically linked with schedules, files and communications.**
  - Vue 3
  - Independently built a mobile webapp on a kiosk from scratch
  - VITE, SCSS, Typescript, Pusher, GIT, I18N
  - Unit Testing with Vitest
  - GitHub Actions CI/CD

- Additional skills used
  - React and Next.js

Zeeman
Seller
2019

I worked as a seller at Zeeman, where I helped customers, handled the cash register, and took care of inventory and stock in the store.
