SEPPE PARYS

FRONT-END DEVELOPER

Hello! I'm a front-end developer with 3 years of experience who likes to build interesting web applications with Javascript frameworks. I enjoy learning new skills. When i'm not sitting behind a computer, I'm probably at the gym or out for a run.

WORK EXPERIENCE

Various Interim jobs — 2025 - Present

Who Owns The Zebra (previously known as Next Apps) — 2022 - 2025

Front-end developer

- Autodialog
  - **Autodialog is the solution for the modern automotive workshop. Instead of struggling with disconnected tools for planning, job cards, communication and replacement vehicles, we bring everything together in one seamless system OS.**
  - Took over existing code
  - Migration from **Vue 2 to Vue 3** (Composition API)
  - Collaborated with 1-4 colleagues
  - Introduced Typescript in the SFC
  - Integrated headless application via **REST APIs**
  - **VITE, SCSS, Pusher, GIT, I18N**
  - **Git** workflows (rebases, PR reviews) and **GitHub Actions** CI/CD
  - Unit Testing with **Vitest**
  - Writing technical analyses
  - Used by Van Mossel, BMW Nederland, Porsche Nederland...

- Key & Go
  - **Key & Go is a seamless way for customers to pick up or drop off their car keys without any friction. It is fully integrated with Autodialog and is automatically linked with schedules, files and communications.**
  - Vue 3
  - Independently built a mobile webapp on a kiosk from scratch
  - **VITE, SCSS, Typescript, Pusher, GIT, I18N**
  - Unit Testing with Vitest
  - GitHub Actions CI/CD

- Additional skills used
  - React and Next.js
  - Storyblok
